May 17-19 Psychic-medium Treacy Cantwell will help us with our renewal weekends. Some of you will have met her in 2017, and that’s how we KNOW we’ll enjoy having her as part of the weekend! Treacy Cantwell, who has a home in Barnegat Light, describes herself thus:

“One of her first awakenings was on a train during a daily morning commute into work at the World Trade Center when in her head she heard, “person on tracks, person on tracks, person on tracks”. Moments later, the train came to a screeching halt, sending its passengers flying into the backs of the seats in front of them. With that, the conductor entered the car in which Treacy Cantwell was seated announcing loudly, “Ladies and gentlemen! We will be exiting this train and boarding another one shortly because we just hit a person on the tracks!”

The experiences continued in her life regardless of her corporate career location; be it Norfolk, VA, Washington, D.C. or Philadelphia. Realizing there was more to these than just being mere “coincidences”, Treacy decided to learn more about spirituality. Later on the advice of well-respected spiritualists, she decided to pursue development of her psychic and mediumship gifts. After years of attending classes, workshops and studying under renown James Van Praagh, she founded her practice, The Island Intuitive. Treacy is honored in delivering messages on behalf of Spirit and assisting others who search for answers and understanding from the realm beyond.

Services provided by Treacy include psychic and mediumship readings via photo-reading, psychometry, scrying, auto-writing, pendulum and spirit cards.

The Island Intuitive can be found on Facebook.”

Sunday morning, **Leslie Blatt, a “professional crafter”** will return to show us how to emulate her textile magic. Leslie brings many years of experience as a teacher in the Simplicity Creative Group, a conglomerate of craft suppliers which describes itself this way: “Simplicity Creative Group is dedicated to encouraging and supporting your creativity with high quality, fun to use products, projects and services. ...”

The mission of Simplicity Creative Group is “to be one of the world's leading creators of products that facilitate individual expression and promote personalized creativity. Utilizing our portfolio of brands, and leveraging knowledge and experience gained over the past century, we seek to develop innovative and reliable products of the highest quality.”

Every year Leslie brings tools and helps create something beautiful to take home with you. She'll also consult about other fabric or needlework projects you may wish to bring with you.

PS. Leslie is an enthusiastic and knowledgeable bird-watcher, who takes spectacular photos, so you nature enthusiasts will find a sympatico conversationalist!
